**PERFORMANCE LEVEL CHANGE DESCRIPTIONS****Targeted Vendor Rate**

This targeted vendor rate increase is driven by targeted base vendor payments, which represent services by vendors that the Office of Financial Management identified as most in need of rate adjustments. The funded level represents a 1.5 percent increase for Fiscal Year 2006 and 2.0 percent for Fiscal Year 2007, and is based on annual inflation estimates.

**Medical Inflation Reduction**

Funding for medical inflation is eliminated.

**Middle Management Reduction**

The Governor has directed that middle management be reduced by 1,000 positions by the end of the biennium. This item is this agency's share of the statewide amount.

## HUMAN SERVICES - OTHER

### **Eastern Washington Cemetery Study**

In conjunction with veterans' associations and local government officials, the Department of Veterans Affairs will conduct a feasibility study of a veterans' cemetery in eastern Washington. The study shall include location, acquisition costs, projection of continued operations costs, and revenue sources for acquisition and operations. A final report of the findings shall be submitted no later than December 15, 2005.

### **Outreach for Returning Veterans**

Funding is provided for the development of a public service announcement outreach campaign directed at returning veterans from Operation Iraqi Freedom and Operation Enduring Freedom.

### **Post Traumatic Stress Syndrome**

The Department of Veterans Affairs will expand its Post Traumatic Stress Syndrome outreach counseling program to meet the higher volume of veterans returning from Iraq and Afghanistan.

## **ACTIVITY DESCRIPTIONS**

### **Administrative Services**

The Department of Veterans' Affairs (DVA) Administrative Services unit provides legislative, stakeholder, public, and federal Veterans' Administration (VA) coordination for the department. It is also the center of strategic planning and provides centralized support for all of the department's products and services, including financial, budget, accounting, and payroll services; human resources; publications and electronic information services; and quality assurance. Incremental administrative costs associated with a specific activity are reflected in the individual activity.

### **Institutional Services**

DVA operates veterans homes in Spokane, Retsil, and Orting, with a combined residential capacity of 655. These facilities offer skilled-level nursing and long-term care for honorably discharged veterans (and some spouses) who are or may likely become disabled and medically indigent. At Retsil and Orting, assisted living and domiciliary services are also provided. The homes use an interdisciplinary team approach to providing nursing, clinic, rehabilitative therapy, therapeutic activity, and social services. Under the DVA, 80 percent of the cost for these services is covered by federal and local revenues. (General Fund-State, General Fund-Federal, and General Fund-Local)

### **Veterans Disability Services and Support**

The Veterans Disability and Claims Support program delivers critical services to the state's vulnerable veteran population living in both urban and rural areas. This network provides critical advocacy services and representation to ensure that veterans and their family members are able to understand and navigate a complicated federal system. The role of the federal Veterans' Administration is to adjudicate; it does not provide community claims support. DVA operates a statewide network that includes 55 contracted professional licensed war trauma counselors and over 100 contracted service officers to provide disability claims services.

### **Veterans' Community-Based Services**

DVA's veterans' community-based services incorporates a statewide network that includes re-integration services for homeless and incarcerated veterans, outreach to minority and women's veterans, Post Traumatic Stress Disorder treatment and readjustment for King County veterans, centralized admissions processing for the veterans homes, fiduciary services for incompetent veterans, and outreach to veterans in nursing homes and the housebound. (General Fund-State, General Fund-Federal, and General Fund-Local)

### **Compensation Cost Adjustment**

This item reflects proposed compensation and benefit cost adjustments that were not allocated to individual agency activities. The agency will assign these costs to the proper activities after the budget is enacted.

### **Middle Management Reduction**

The Governor has directed that middle management be reduced by 1,000 positions by the end of the biennium. This item is this agency's share of the statewide amount. These savings will be assigned to the appropriate activities after the budget is enacted.
